Go Green Co-Innovation Program

* indicates a required field

Getting started

Please complete the eligibility check. If you do not meet the requirements you will not be able to complete the application form.

Once you have determined your eligibility, please complete all aspects of the form and attach all required documents. Please review the available FAQ document and contact DFAT at GGCIP@dfat.gov.au for any further queries.

This online form captures the information required by The Department of Foreign Affairs and Trade (DFAT) to assess and manage your application for grant funding available under the GGCIP.

Important: Your Singapore business partner must complete the EnterpriseSG preliminary interest form as early as possible. If your Singapore partner is not invited to submit a full application this will affect your eligibility to apply. If EnterpriseSG find your partner eligible, they will be invited to submit a full application to EnterpriseSG's Business Grant Portal. Singapore and Australia have separate application processes and both lead partners must apply.

Please note: Assessment criterion 2 requires you to complete and refer to your project plan, which must be submitted with this application. A template has been provided to guide applicants. [Click here to download the Project Plan template.docx](#)

Assessment Criteria

* indicates a required field

You must address all three assessment criteria (see Section 6 in the Grant Guidelines). When addressing the criteria, describe your technical contribution as the Australian partner as distinct from the Singapore Government grant-funded project activities, so that it is clear what the Australian grant-funded project activities will be.

For information on what assessors will look at, please refer to Section 8.1 in the Grant Guidelines.

Provide clear references to information elsewhere in your application form or attached documents, to guide assessors, where relevant. The word limit does not include text in attached documents you make references to such as your project plan.

Criterion 1: The extent to which your project aligns with the GGCIP objectives [40 points]

GGCIP Application Form - Round 2

Form Preview

You should demonstrate this by identifying:

- how the project involves collaboration with a Singapore enterprise on commercially viable, green products, services and/or solutions. Consider:
 - the business need, technological challenge or market opportunity behind the innovation
 - similar innovations/solutions close to market or in development (if any) and how your product, service or solution is different or better
 - any work you have already done to respond to this need, for example if the project focuses on developing an existing capability or building a new one
 - the value-add of the partnership with your Singapore business partner
- how the project will lead to new or increased commercial activities that foster or promote trade and commerce between Singapore and Australia in green sectors. Consider:
 - target market and market demand in terms of size, customers, market niche and geographical coverage (domestic, international or both)
 - how you intend to commercialise your product, service, or solution

Response *

Word count:

Must be no more than 750 words.

Criterion 2: Your capacity to manage and deliver the project [40 points]

You should demonstrate this by identifying:

- the capacity of the lead applicant and any consortia partners to deliver the project, including your track record on similar projects, access to personnel with the right skills and experience and to any infrastructure, capital equipment, technology and intellectual property required to deliver the project
- a sound project plan ([click here to download template](#)) outlining:
 - a brief outline of the scope of activity to be undertaken as the Australian partner
 - how you will manage and monitor the project, including arrangements for governance, security and intellectual property rights and the identification of risks and mitigation strategies.
 - project timeframes and milestones
 - quantitative outcomes (e.g. increase market share or sales by x% in y no. of years / improve customer satisfaction score from x to y / reduce process time from x man-hours to y man-hours / reduce costs from \$x to \$y)
 - qualitative outcomes (e.g. new process guidelines / new products and services ideas / improved operations / gone through a certification process, capabilities that this project will build in your company)

GGCIP Application Form - Round 2

Form Preview

- a comprehensive project budget that includes justification of funding amount requested, amount and sources of funding co-contributions, and a breakdown of project expenses.

Response *

Word count:

Must be no more than 750 words.

Criterion 3: The broader impact and benefits of your project [20 points]

You should demonstrate this by identifying:

- how the project will impact your business and contribute to your future plans (i.e., the next 3-5 years) in terms of product development/enhancing capabilities
- the economic outcomes from the project such as jobs creation, and/or productivity increases to external parties, customers, others in the supply chain, and broader industry
- how the project will support the decarbonisation of economic activities in Singapore and Australia or helps Singapore and Australia transition to net zero emissions. Consider:
 - any expected impact toward government priorities in Singapore and/or Australia.

Response *

Word count:

Must be no more than 500 words.
